On day one 46 hares were boxed.

- Limerick City Coursing club were courteous and cooperative throughout.
- On day one three hares were pinned. I requested that the vet inspected the pinned hares. I enquired after the meeting regarding the pinned hares. I was told the vet had inspected them. It was not communicated to me that the club wished to release the hares. The next day according to the Club & ICC Steward the 3 hares had been released on the evening of 19/12/20 on the advice of the vet. This release was not communicated to NPWS until the next day. This is a breach of condition 13 of the Section 34 licence which states that all hares must be released back into the wild during daylight hours at the conclusion of the meeting or the day after the coursing meeting unless otherwise agreed with the relevant NPWS staff beforehand. I pointed out to the club as a result of the release Limerick City Coursing Club were short the required number of hares. Limerick City Coursing club reduced the number of courses on Sunday 20th Dec.
